Claim 22 is rejected as set forth in the office action dated 12/10/2002.

Claim 22 is rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. For example: the drawing shows a plurality of legs for the pot, in order for the pot to stand in the tray at least three legs are required. The original specification and the drawing do not support that at least a leg or two legs is capable to support the pot.

Claim 8 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. For example: claim 8 line 4 and line 6 "three leg" should be --three legs--; line 8, "the conduit" should be --a conduit--; "the conduit" should be -- the conduit--. Claim 8 will be allowable if the above subject matters are corrected.
